

Limited Release of Copyright

Occasionally the Library has requests for a photocopy of a master's thesis. When these requests occur, it often is difficult to contact you, the copyright holder.

With your permission, the Library can fill this request and will notify the recipient of the following conditions:

1. Appropriate credit should be given to the author in any publication which refers to or quotes from the thesis. Bibliographic citations should include the author's name, the title of the thesis, the institutions granting the degree, and the year the thesis was submitted.
2. Any photocopying or quoting of substantial portions of the thesis must have the permission of the copyright holder (the author).

I grant permission to the Library Director to make photocopies of my thesis under the conditions stated above.

I do not grant this permission.
